

FLEECE CONNECTION

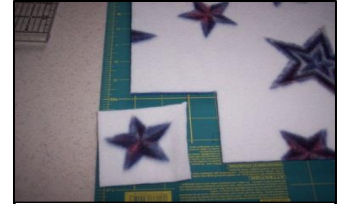

Blanket-Making Instructions

You will need:

- (2) pieces of fleece material, each cut to 2.5 yard
- (1) pair scissors

Step 1: Lay one piece of fleece on top of the other so that all edges are even with each other.

Step 2: Cut a four-inch square in each of the four corners.

Step 2

Step 3: Cut off uneven ends.

Step 3

Step 4: Cut fringe on all four sides of the blanket. Cut through both layers of fabric at the same time. Fringe pieces should be a little wider than the width of your finger. Cut in from the edge four inches.

Step 4

Step 5: Double tie the fringe strips as if you are tying a shoe lace. Double tie all fringe around the four sides of the blanket. We recommend starting from the left and work right, going around the blanket.

Step 5
