List or call each week for  
availability

Forms available at  
[mpcepc.org/Preschool](http://mpcepc.org/Preschool)

## WHAT ARE DISCOVERY DAYS?

Discovery Days are designed to give your child additional time in the classroom setting where they can LUNCH and LEARN. Not only will your child have time to develop social skills, but each day they will be discovering a variety of new STEAM (Science, Technology, Engineering, Arts and Math) learning opportunities. Each week a different topic will be “discovered” through craft, story time, and an exploration period. This program is designed to allow children to experience independence, socialization, and learning opportunities in a safe and nurturing environment.

Each session, children bring a packed lunch to begin their time before diving into discovery time. A maximum of 16 students per session supervised by 1 teacher and 1 aide. Parents can register their child for one, two, or three days a week. sessions are filled on a first-come, first-served basis.
